Background of the share issuance

On May 11, 2020, the Management Board of the Company resolved, based on the authorization of the Management Board under the Authorized Capital / IV (Sec. 4 para. 5 of the articles of association), to increase the registered share capital from EUR 198,725,141.00 by EUR 3,656.00 to EUR 198,728,797.00 (the “**EH Capital Increase**“) through the issuance of 3,656 new registered ordinary shares (*auf den Namen lautende Stammaktien*) (“**EH New Shares**“). The Supervisory Board of the Company gave its consent to the EH Capital Increase on May 11, 2020.

The Authorized Capital / IV serves the fulfilment of option rights (“**Option Rights**”) which have been granted or promised by the Company under the Stock Option Program 2017 (“**Stock Option Program**”) in order to replace the formerly existing virtual share program of the Company to persons of the following categories (each an “**Beneficiary Category**”): (i) current or former managing directors or members of the Supervisory Board of the Company, (ii) current or former managing directors of affiliated companies of the Company, (iii) current or former employees of the Company, (iv) current or former employees of affiliated companies of the Company and (v) further beneficiaries who are or were acting for the Company or its affiliated companies or supporting or supported the Company or its affiliated companies in any other way (so-called “**Supporters**”) (collectively the “**Option Holders**”). The issue prices for the new shares vary – also within the various groups of Option Holders – from EUR 1.00 up to EUR 17.67.

The Option Holders were given the opportunity to exercise their vested Option Rights during an exercise window between May 5, 2020 through May 7, 2020. In accordance with the option terms and conditions, the Option Holders could choose between the following exercise alternatives: *Exercise and Sell*, *Exercise and Sell to Cover* and *Exercise and Hold*. With respect to the exercise alternative *Exercise and Hold*, the EH New Shares are subscribed by and issued to the Option Holders as instructed by them, *i.e.* to the relevant Option Holder’s deposit account or to a joint deposit account managed in trust by a service provider, which has been mandated by the Company for the execution of the Stock Option Program.

With respect to stock options for which Option Holders chose the exercise alternative *Exercise and Sell* or *Exercise and Sell to Cover*, the shares are created from a separate capital increase to that of the EH Capital Increase. In case of the exercise alternative *Exercise and Sell*, the Option Holders request the sale of all new shares resulting from the exercise of their Option Rights. With respect to the exercise alternative *Exercise and Sell to Cover*, the Option Holders request the sale of such number of new shares as is necessary for the respective Option Holder for the payment of the aggregate issue price of the subscribed new shares and resulting taxes, social security contributions and other expenses, duties and costs, whilst the remaining number of shares are transferred to the respective Option Holder.

Admission without a prospectus of 3,656 EH New Shares pursuant to the exemption in Art. 1 para. 5 (h) of the Prospectus Regulation

With respect to all 3,656 EH New Shares, the Option Holders have selected the exercise alternative *Exercise and Hold* and are all Option Holders who are not Supporters. 2,000 EH New Shares were subscribed at an issue price of EUR 15.00 and 656 EH New Shares were subscribed at an issue price of EUR 16.67 by Option Holders of the Beneficiary Category (ii) and 1,000 EH New Shares were subscribed at an issue price of EUR 16.67 by an Option Holder

of the Beneficiary Category (iv). The Company has applied to the Frankfurt Stock Exchange for the admission of the EH New Shares to trading on the regulated market segment (*regulierter Markt*) of the Frankfurt Stock Exchange (*Frankfurter Wertpapierbörse*) with simultaneous admission to the *Prime Standard* without a prospectus, in accordance with Art. 1 para. 5 (h) of the Prospectus Regulation.

Additional information on the EH New Shares

All EH New Shares hold the same rights as all other shares of the Company (including full dividend rights from the fiscal year starting January 1, 2019) and do not convey any additional rights or advantages. The consummation of the EH Capital Increase is expected to be registered in the commercial register of the Local Court (*Amtsgericht*) of Charlottenburg on or around May 15, 2020.

The admission of the 3,656 EH New Shares to trading on the regulated market segment (*regulierter Markt*) of the Frankfurt Stock Exchange (*Frankfurter Wertpapierbörse*) with simultaneous admission to the *Prime Standard* without a prospectus is expected to be granted on or around May 25, 2020. The introduction of the EH New Shares to trading on the regulated market (*regulierten Markt*) is expected on or around May 27, 2020.
